Dear Mr. De Bruijn:

This is regarding the interim certification issued by the New Jersey Department of Environmental Protection on March 19, 2007, copy enclosed, regarding the Terre Kleen stormwater treatment device. Due to a typographical error, the expiration date was incorrectly stated as March 31, 2008. The correct expiration date is March 31, 2009. All the conditions of the original certification remain in effect.

Please attach this letter to your copy of the interim certification. If you have any questions regarding the above, please contact Sandra Blick of my staff at (609) 633-1441.

Sincerely,

Lawrence J. Baier, Director
Division of Watershed Management
